## WHO WE ARE

---

**Footsteps Bangladesh** is a next-generation organization which empowers communities to tackle community specific problems through effective self-sustaining initiatives. The organization designs social ventures to address the multitude of challenges that exist in our communities in the fields of health, environment and education.

The organization is on a mission to empower such communities by integrating social technology and knowledge capacity and to achieve a vision where every community is empowered to efficiently address these barriers independently.

## OUR PROGRAMS

---

### Project Trishna

Project Trishna works towards empowering communities with access to safe water and sanitation.

### Disaster Resilience Programme

The Disaster Resilience Programme works towards building community capacity to be resilient in the face of Climate Change and Natural Disasters.

### Shushasther Odhikar Shobar Program

Shushasther Odhikar Shobar works towards building innovative healthcare services in marginalized communities to expand access to essential healthcare.
